

got regs?

you are not alone

Founded in 1993, the Organization of Regulatory and Clinical Associates (ORCA) has been serving the needs of Regulatory Affairs, Quality Assurance, and Clinical Affairs professionals in the Puget Sound area for more than 15 years.

ORCA membership brings with it these valuable benefits:

- Complimentary admittance to regularly scheduled meetings.
- Opportunities to network with fellow regulatory, quality, and clinical associates.
- Timely information sharing with local and nationally known experts, and government representatives.
- Credit towards continuing education.

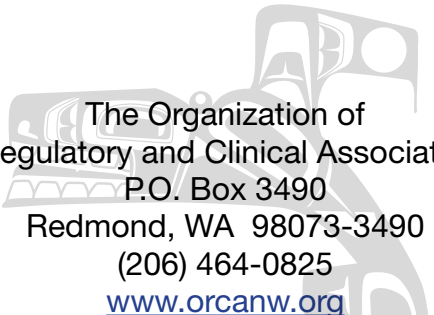

Please see the next page for a free meeting invitation.

About

The Organization of Regulatory and Clinical Associates (ORCA) was established to serve the needs of individuals directly involved in providing services to the general areas of regulatory affairs, quality assurance and clinical research.

ORCA is a 501(c)(3) non-profit organization. We offer 9 to 10 local regularly scheduled meetings per year, alternating between Seattle and the Eastside, which allow professionals to meet and keep current on industry related topics.

ORCA has a diverse membership which includes members from the industry areas of biologics, biotechnology, medical devices, and pharmaceuticals, as well as individuals employed in education and healthcare.
